LAND NOT USED BY THE COUNTY

W. J. Wolfinger Asks for Acres Deeded Over Opening of a Roadway.

The session of the county commission yesterday was a brief one and the regular routine matters. W. J. Wolfinger appeared before the board and called attention to the fact that some time ago a portion of his land in North Ogden had been deeded to the county for the opening of a roadway and that inasmuch as the same had never been used for the purpose intended and for the further reason that it cuts his farm land in two, he asked that the same be returned to him. The matter was referred to the committee on roads and bridges.

H. J. Craven, the county surveyor, submitted plans to the board for construction of a culvert to take care of the water from the slough between the head of Ogden canyon and Huntsville, which overflows the roadway for some distance each spring, and Commissioner W. G. Wilson was instructed to advertise for bids for the same.

The county clerk reported that the voting machines had arrived and he was instructed to arrange for the location for the same. The regular monthly salaries were allowed.

County Treasurer A. D. Chambers submitted to the board a statement showing the distribution which should be made of moneys received on account of tax sale redemption and qui claim deeds for the quarter ending Aug. 31, 1906. The report was as follows:

State of Utah.	Taxes and costs.	Total.
Weber county:	\$84.32	\$101.32
General fund	68.32	118.58
Salary fund	12.50	17.50
County school fund	16.25	16.30
Sinking fund	1.45	1.45
Interest fund	1.45	1.45
Ogden City	102.19	118.38
Ogden City Schools	72.19	10.88
Weber county school district	3.52	1.35

OGDEN BURGLARS BUSY.

Three Tricks Turned by the Bunch Sunday Night.

The coterie of burglars who have been committing a number of depredations in Ogden during the past few weeks scored three more points Sunday night, two of which occurred in the heart of the city. The Elite cafe on Washington avenue near Twenty-fourth street, was entered from the rear door after the place was closed at midnight and the time it was opened yesterday morning. A slot machine was broken open and from \$25 to \$30 taken from it. After making this haul the burglars turned their attention to the liquor in the place and either consumed or carried off a quantity of it.

The next place to be looted by the thieves was the Ranch saloon on Twenty-fourth street just around the corner from the Elite. Here they forced an entrance from the rear and tackled the slot machines, but found the tills empty, so that they were forced to retire without securing any swag.

The other raid reported to the police was committed at the fair grounds, a quantity of fancy harness, saddles and whips were stolen from the booth occupied by J. G. Read & Brother, that had been left there over Sunday. In none of the cases was any clue found as to the perpetrators.

HULANISKI A CANDIDATE.

Weber County Attorney After Nomination for State Senator.

The expected has happened and County Attorney E. T. Hulaniski, who was defeated for the Republican nomination for the supreme bench at the recent Republican convention, has announced himself a candidate for state senator from Weber county this fall. Ever since the convention in Salt Lake the friends of Hulaniski have been urging him for the place, believing him to be a much stronger candidate than President Shurtliff, who was previously slated. It now looks as if both President Shurtliff and F. J. Henderson will have to take a back seat in favor of the county attorney, who will likely be tendered the nomination as a sort of a balm for the disappointment felt over his turn-down at the state convention.

HAD FORMED OPINIONS.

Difficult to Obtain Jurymen in Case of Sken vs. Paine.

All of yesterday's session of the Second District court was again taken up in an effort to secure a jury in the case of J. D. Sken against City Councilman R. E. Paine. The drawing of a third special venire became necessary before the noon recess, and the court ordered twenty-five additional jurors called in to the court. Fearing that the jurors were taking the cue, one from the other, he caused an order to be issued that in the examination of jurors the others not yet questioned would be excluded from the court room until they were called for examination. A great many of the fifty jurors examined were excused on the ground that they had formed opinions. This occurred so frequently that the court deemed it wise to exclude the unexamined jurors from the room.

ATTENDED IN A BODY.

High School Pupils at the Funeral of Professor Robertson.

Brief and impressive services were held over the body of Norman B. Robertson at the Ritchie funeral chapel at 3 o'clock yesterday afternoon. The teachers at the High school, together with the pupils, members of the board of education and the Bachelors' club attended the services in a body. Each of the High school pupils placed a floral offering on the bier. Those who attended the services accompanied the body to the Union depot, whence it was shipped to Ontario, Canada, for burial. Superintendent William Allison of the city schools accompanied the body to its last resting place.

WATER COMPANY GETS FRANCHISE

Promises Put in the Form of a Contract—Ogden City Council Proceedings.

The precedent established by the city council in reviewing the water works question in its entirety with the advent of each new member was strictly adhered to last evening, the new member being S. A. Browning, and the question coming up on a report of the law committee. The franchise is the same as was passed a short time ago with the change recommended by Mayor Conroy. The water works company was represented by David Eccles, C. H. Kricher and W. J. Shealy, all of whom participated in the debate. County Commissioner Browning opposed the granting of the franchise and advocated municipal ownership. In support of his stand he showed that the general bonded indebtedness of the city is \$450,000 and the legal limit is \$415,000, or an excess of \$35,000. He showed that the debt is largely due to the money paid the water works people, and thought that to allow them \$10,000 in settling the litigation would only mean increasing of the city's indebtedness. Considerable discussion was had when the matter was made to the committee to extend their mains, furnish free water for the city and build up the reservoirs into the franchise. The water works people objected to this because they feared that it would hurt the sale of the bonds. Mayor Conroy settled the matter by stating that if the franchise was passed to-night he would refuse to sign it until the written promises of the water works people had been put in the form of a contract between the company and the city. This had the desired effect, but before a vote was taken another lively tilt occurred between Councilman Browning and Thomas. The franchise was then passed by a vote of 6 to 4. Browning, Austin, Dickinson and Craig dissenting. Mayor Conroy recommended the passage of a resolution requiring the heads of the various departments to insist upon their employees paying their debts and in the event of their failing to do so to call upon them for their resignations from the city service. The resolution was passed. Elijah Bingham presented a claim for \$750 for injuries which he alleged he suffered by reason of falling into a hole in the street while riding his bicycle. The claim was referred to the laws committee. An ordinance increasing the salary of the chief of the fire department from \$1,500 to \$1,800 per year was passed.

FAIR AUDIENCE PRESENT.

"The Old Bedstead" Presented in Ogden Grand Opera House.

A fair house witnessed the production of "The Old Bedstead," which was presented on the boards of the Grand opera house here last night. While the house was not as large as might have been the enthusiasm of the audience made up for lack of numbers. "Wally" Young, whose monologue turns was one of the features of the show, received a more enthusiastic ovation than he did at the Salt Lake performance. John S. Critchlow, David C. Dunbar, L. J. Haddock, W. W. Little and Kenneth C. Kerr were also well received. Alan L. Lovey made a hit with a head of cabbage tied with green ribbon was thrown upon the stage in the second act. He said: "I know the show is making a hit but I don't think anyone would lose his head over it."

The orchestra, under the direction of Prof. Squire Coop, discoursed fine music between the acts, which was highly appreciated by the audience.

AN OFFICE IN SIGHT.

Two Weber County Republicans Scrambling for Clerkship.

The race for the nomination for county clerk is being bitterly contested by the supporters of Samuel G. Dye and the present incumbent. Since last week the tide has turned decidedly in favor of Mr. Dye, and there are those who concede that he already has one-third of the delegates. If this be true at this stage of the fight it is safe to assume that Mr. Dye will easily be made the party nominee at the convention. His supporters claim recruits from all parts of the county, many of whom are opposed to the methods employed in that office by the present clerk. Handling other candidates' campaigns and is devoting all his time in his own behalf, which would indicate that he is not as certain of landing the place as he was prior to the time Mr. Dye entered the race.

Marriage Licenses.

Marriage licenses were granted yesterday to George E. Martin and Miss Maude M. Todd, both of Ogden; William E. McIntire of Huntsville and Miss Rosewood Woodfield of North Ogden; Samuel Hobson and Miss Marian O. Lindsey, both of Ogden, and to John Allen of Huntsville and Miss Effie Reast of Ogden. The two last named couples will be married in the Salt Lake Temple tomorrow.

Husband Cast Off.

A peculiar charge was made in a divorce granted by District Judge Howell yesterday. The complainant was Mrs. Rosina Banford and the defendant Samuel Banford. The allegations were that the defendant had accused the plaintiff of infidelity, which she proved to be untrue, and that she was declared sufficient for the granting of the divorce.

Kuchler Sidesteps.

Although the friends of Rudolph Kuchler have been urging him to make the race this fall for the lower house, Mr. Kuchler announced to The Herald yesterday that he would under no circumstances accept the nomination, even though it were tendered him. He insisted that his decision was final.

Stevenson's Good Luck.

The official notice of the appointment of A. B. Stevenson as superintendent of the Montana division of the Short Line, with office at Pocatello, was received at the local Short Line office yesterday. Mr. Stevenson succeeds T. J. Duddleson, resigned. His appointment becomes effective Sept. 25.

Ethel Was the Winner.

In the publication of the awards for the art department at the County fair yesterday morning, the name of Miss Estelle Watts appeared through error, instead of Miss Ethel Watts, in the following awards:

Runaway Accident.

A horse belonging to Assistant Yardmaster W. L. Scott was run into by a runaway team attached to the European hotel bus shortly before 1 o'clock yesterday afternoon and met a fearful death. Mrs. Scott was about to get into the buggy at the time of the accident and had narrowly escaped from death. Considering the force of the collision the damage to the rig was slight.

WHY NOT BUY THE BEST?

The Cheapest Form of Health Insurance

YOU can buy Health Insurance now. Several good "Accident" Companies sell it. Sixty dollars per year will bring you \$25.00 per week, for every week you are sick.

But, your time alone may be worth far more than that. And \$200 per week might not pay for your suffering.

That's why "Cascarat" Insurance, which prevents Sickness, is worth ten times as much money as other "Health" Insurance.

Yet "Cascarat" Insurance will cost you less than Ten Cents a week.

That gives you a "Vest Pocket" Box to carry constantly.

One tablet taken whenever you suspect you need it will insure you against 90 per cent of all other ills likely to attack you.

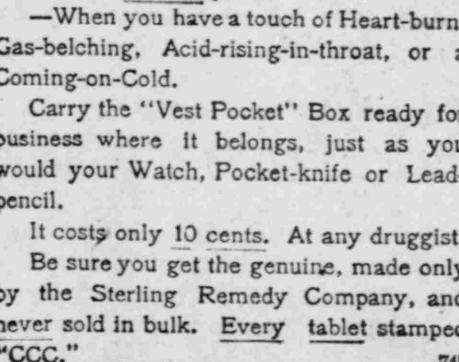

Because 90 per cent of these ills begin in the Bowels, or exist through poor Nutrition. Cascarets don't purge, don't weaken, don't irritate, nor upset your stomach. No, they act like Exercise on the Bowels, instead.

They stimulate the Bowel-Muscles to contract and propel the Food naturally past the little valves that mix Digestive Juices with Food.

The time to take a Cascarat is the very minute you suspect you need one. —When you have a touch of Heart-burn, Gas-belching, Acid-rising-in-throat, or a Coming-on-Cold. Carry the "Vest Pocket" Box ready for business where it belongs, just as you would your Watch, Pocket-knife or Lead-pencil.

It costs only 10 cents. At any drugist. Be sure you get the genuine, made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC."
